

CHEMISTRY NEWSLETTER

Vol. 31, No. 6

February 6, 2004

VISITING SPEAKERS

Professor Michael Bowser, Analytical Division, Department of Chemistry, University of Minnesota will speak on "In vitro evolution of functional DNA using capillary electrophoresis" TODAY (Friday, February 6) at 4:00 pm in Room V-106

NOTICES

Cumulative Exam: The next cumulative examination will be held on Saturday, February 7, 2004 at 11:00 am in Room E5-36.

502 Seminar — Dong Song will speak on "Recent Applications of the Formal [3+3] Cycloaddition Reaction in Heterocyclic Natural Product Synthesis" on Monday, February 9 at 11:00 am in Room V-107.

502 Seminar — Bryan Demko will speak on "Imaging the Lungs: A Modern Application of Optical Pumping" on Wednesday, February 11 at 11:00 am in Room V-107.

18th Annual Western Canadian Undergraduate Chemistry Conference — Hosted by the University of Manitoba, May 6 - 8, 2004. Accepting abstracts beginning January 26, 2004. For more information email: umgallen@cc.umanitoba.ca

Chemical Biophysics Symposium 2004 — March 12 - 21, 2004 in Toronto. The abstract submission deadline is TODAY (Friday, February 6). Please note that abstracts for the invited speakers are now available on the web site at www.chem.utoronto.ca/symposium/biophys/cbp2k4/

A Tasteful Evening — Chemistry, Music and Chocolate — Monday, February 9 at Knoppers Hall, The King's University College (9125 - 50 Street). For further details, please consult the website at: www.cicedmonton.org/events.htm

Enantioselective Synthetic Chemistry Research Program 2004 — Applications are invited for the Enantioselective Synthetic Chemistry Research Program. This program, sponsored by AstraZeneca Canada Inc., Boehringer Ingelheim (Canada) Ltd and Merck Frosst Canada and Co., and administered by the Canadian Society for Chemistry (CSC), will provide grants to support research in chemistry and related fields. Additional information may be found at www.chemistry.ca/cscawards.html or the posters on the bulletin boards.

EMPLOYMENT OPPORTUNITIES
ARE POSTED ON THE BULLETIN BOARD
ACROSS FROM THE ELEVATORS ON THE THIRD FLOOR

PLEASE DO NOT REMOVE THE EMPLOYMENT NOTICES FROM THE BULLETIN BOARD

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>

Correction: The 3-year limited term instructor in Organic Chemistry is at the University of Calgary, not the University of Alberta as advertised in last week's newsletter.

Syncrude Research — Research Scientist, Analytical Chemistry

Outreach Activities can be accessed at: www.ualberta.ca/Outreach/whats%20new.htm#science
