VISITING SPEAKERS

Dr. Suzanne Abrams, Plant Biotechnology Institute, National Research Council, Saskatoon, will speak on "Abscisic Acid Metabolism and Action" on Monday, June 13 at 1:00 p.m. in V-107 Physics Wing.

NOTICES

One-time Graduate Scholarships from Bell Canada Bell Canada is offering 10 one-time graduate scholarships valued at \$12,500 to full-time Canadian students pursuing post-graduate degrees at universities across Canada. The scholarships will be awarded to students in areas of study, but not limited to telecommunications, communications, and IT innovation. For details, visit <http://www.studentawards.com>

Reactive intermediates in photochemistry – an international symposium celebrating Tito Scaiano's achievements August 24-26, 2005, University of Ottawa, Ottawa, Canada.

Introduction to VNMR on the Varian Spectrometers

This year's edition of the NMR lecture series will be given by Dr. Albin Otter in
E3-25 on Friday and Monday, June 10 and 13 from 9:30 to 10:50 a.m.

The lectures will include the real-time operation of a spectrometer with large screen projection and are intended for new students/postdocs and all those who have been around for a while but feel a little shaky with the use of an NMR spectrometer.

The Cameron library has received the multi-volume set of 'Comprehensive Coordination Chemistry II – from biology to nanotechnology' editors-in-chief, Jon A. McCleverty, Thomas J. Meyer

Acievements & Recognitions

Congratulations to: Darren Derksen who won 1st place in the organic division poster presentation.

Proteomics Workshop - June 14-19 – University of Montreal
Registration fee: \$1,700 (rolling admissions)

Prerequisite: Bioinformatics workshop or equivalent experience
