

## NOTICES

**Meet with a Career Advisor** — Career and Placement Services is offering individual consultation appointments to talk about career options, resume/cv critique, or to help you practice your interview skills. The fee is \$20/hour for students and \$40/hour for non-students. Contact CaPS at 492-4291 for more information.

**FLOODS!** There have been **three** floods in the past week – each a result of failure to properly secure water lines and leaving water running overnight unnecessarily. **Please check all water lines and ensure that the water is turned off when not in use.** If taps in your labs are leaking, report them to Tom or Lori; they will inform the plumbers.

**Department Chemical Genealogy.** A current chemical genealogy of the Department has been posted between the Chair's Office and the Main Office. Check out your "Chemical Roots"! This was prepared over the last year or more by Graham Murphy (a graduate student with Fred West), who used the original version prepared in 1970 by Frank Cedar, as a starting point. Frank was a graduate student with John Hooz.

### **Chemistry Graduate Students' Society (CGSS) message:**

Thanks to those of you who braved the rainy weather this past Saturday and played in the 1st CGSS Soccer Tournament! The turnout was exceptional (6 teams, about 65 people) and the CGSS will be sure to host this event again! Congratulations to the Wacky Wascals (1st place), Let's Get Physical (2nd place), and Truly Analytical (3rd place). Details of the scores can be found on the CGSS website (<http://www.chem.ualberta.ca/%7Ecgss/soccer05.htm>). The Erlenmeyer Cup will soon be on display in the 4th floor trophy case for all to see!

If anyone has pictures from the tournament, would you kindly be able to send copies to Rahul Samant ([rsamant@ualberta.ca](mailto:rsamant@ualberta.ca)) so that we may post them on the CGSS website? Also, thank you to everyone who attended the pub crawl this weekend. Pictures will be available soon on the CGSS website.
