

## VISITING SPEAKERS

**Dr. Hironari Yamada**, Director of Synchrotron Light Life Science Center, Ritsumeikan University, Japan will speak on "Extraction of a  $10^{11}$  order brightness pure monochromatic x-ray beam from the Mirrorcle-6X tabletop synchrotron" on Tuesday, August 30, 2005 at 11:00 a.m. in E5-36.

## NOTICES

I'm sure you've noticed by now that we have a new person sitting in Tom's outer office. We would like to give a warm Chemistry welcome to **Kim Tautchin**.

**Congratulations to:** Natisha Rose-Stashko and her husband Brian on the safe arrival of a healthy baby girl! Amanda Karolina was born on August 23, weighing 9.2 lbs and 22.5 inches long.

### Graduate Student Orientation Wrap Up

Welcome Social – relax and meet the incoming graduate students. Faculty, staff, graduate students, and post docs all welcome.

**FREE!** – snacks, burgers, hot dogs, soft drinks, beer – **FREE!**

**Wednesday, August 31, 2005 4:00-8:00 p.m.**

**Hugh Knowles Courtyard (Physics/V-wing courtyard)**  
In case of rain: Faculty and Staff Lounge (E3-43)

### Help attract scheduled air service between Edmonton & Europe

Are you tired of having to connect to European scheduled flights through other cities? If so, Edmonton Economic Development Corporation (EEDC), Edmonton Airports, and the Edmonton Chamber of Commerce need your help.

"We need **everyone** in Greater Edmonton who has travelled to Europe in the last five years, or expects to do so in the next two years, to complete the FlyEuro survey," says Allan Scott, President and CEO, Edmonton Economic Development Corporation (EEDC). "The lack of direct scheduled European flights is a common complaint in our region and now is the time for those people to be counted."

Establishing new non-stop routes to Europe can represent an investment of tens of millions of dollars for airlines. By completing this online survey, local residents can help EEDC, Edmonton Airports and the Edmonton Chamber of Commerce demonstrate that significant demand exists for scheduled air service between Europe and Edmonton.

If you have business colleagues, family, or friends that have travelled to Europe or will be travelling to Europe, please encourage them to complete this survey, and to pass the word onto their business colleagues, family, or friends. Forward them this email or tell them to go to <http://www.edmonton.com>, click on FlyEuro on the left side of the homepage and follow the instructions.

If you encounter any difficulties in completing the survey, please e-mail us at: [survey1help@edmonton.com](mailto:survey1help@edmonton.com).

Thank you for your assistance. We will report the results of this survey on the [www.edmonton.com](http://www.edmonton.com) website when the survey is completed in September.

## EMPLOYMENT OPPORTUNITIES

ARE POSTED ON THE BULLETIN BOARD  
ACROSS FROM THE ELEVATORS ON THE THIRD FLOOR  
PLEASE DO NOT REMOVE THE EMPLOYMENT NOTICES FROM THE  
BULLETIN BOARD

**Employment opportunities are posted on a new internet site:**

**<http://www.careerowl.ca>**

\*\*\*\*\*

**Alberta Agriculture, Food and Rural Development** is looking for a chemical scientist that provides technical expertise to the centre related to bench-scale process

**University of Vermont**, Department of Chemistry, invites applications for a tenure-track Assistant Professor position in organic chemistry with a focus in Synthetic organic chemistry. <http://www.uvmjobs.com>.

**Wichita State University**, Chemistry Department seeks an instrumentation manager with a strong background in high field NMR spectroscopy.  
<https://www.hrepartners.com/jobs/positionslisting.cfm?partnercode=wp>.

**University of Victoria**, invites applications for a tenure-track Assistant Professor position in the areas of analytical or physical chemistry with a chemical biology focus. Please see employment board for more info.

**University of Windsor**, Department of Chemistry and Biochemistry has a posting for a 3 year limited term position in Chemical Education. Please see employment board for more details.

**UCL**, has an opening for a postdoctoral research position starting from Oct./05-Oct./06. Please see [http://www.ucl.ac.uk/hr/docs/job\\_pages.php](http://www.ucl.ac.uk/hr/docs/job_pages.php) for more information.

**Université de Montréal**, Department of Chemistry, Faculté des arts et des sciences has an opening for a tenure-track position in all areas of experimental chemistry within the NSERC UFA program.  
[http://www.chimie.umontreal.ca/index\\_eng.html](http://www.chimie.umontreal.ca/index_eng.html)

**University of Michigan**, is seeking applications for the Hans W. Vahlteich Professor of Medicinal Chemistry at the Assistant Professor level. <http://www.umich.edu/~pharmacy/Med/Chem/>

**Wichita State University**, Chemistry Department invites applications for a tenure-track faculty position in Experimental physical chemistry at the assistant professor level to begin in August of 2005.  
<http://webs.wichita.edu/?u=chem&p=index>.

**University of Minnesota**, is searching for someone to fill a tenure-track position I Biochemistry/Biotechnology. <http://www.cbs.umn.edu/bmbb>

**Malaspina University College**, Department of Chemistry is looking for a full time faculty appointment beginning Jan. 1/05 in either Chemical Oceanography or Marine Natural Products. See employment board for more information.

**ConocoPhillips analytical services**, requires a chemist with a Ph.D. with interests in analyte/component quantitation in the petroleum and petrochemical industry. See employment board for more details.

**Thompson Rivers University (Kamloops)** requires a Chemistry instructor in the physical sciences from December 12, 2005 – April 2006. Please see employment board for more details

**Outreach Activities** can be accessed  
at: [www.ualberta.ca/Outreach/whats%20new.htm#science](http://www.ualberta.ca/Outreach/whats%20new.htm#science)

**The 75<sup>th</sup> Canadian Society for Chemistry  
Conference Lectureship Committee,  
The Department of Chemistry,**

**and**

**The University of Alberta Senate**

**Present a Lecture for the General Public**

**Dr. John Polanyi, University of Toronto**  
**“Seeing Molecules React One-Molecule-At-A-Time”**

**Monday, September 26, 2005**

7:00 Refreshments

7:30 Talk

Chemistry Lecture Theatre, E1-60,  
Gunning/Lemieux Chemistry Building,  
University of Alberta

**Parking available in "E" lot off Saskatchewan Dr. after 6 pm, \$3.75 max.**
