

VISITING SPEAKERS

Prof. Janusz Pawliszyn, Department of chemistry, University of Waterloo, will speak on "New Sample Preparation and Separation Technologies for On-site investigations", on Thursday, September 22, 2005 at 4:00 p.m. in V-110.

Prof. Fred Wudl, Dean M. Willard Professor of Chemistry and Materials, Department of Chemistry and Biochemistry, University of California, Los Angeles (UCLA), will speak on "Recent advances in organic electronics at UCLA" on Monday, September 26, 2005 at 11:00 a.m. in V-107

Dr. Dermot O'Hare, Department of Chemistry, University of Oxford, will speak on "Studying solid state reactions using time-resolved, in-situ diffraction" on Wednesday, September 28, 2005 at 2:00 p.m. in E3-25.

Dr. Albert Padwa, Department of Chemistry, Emory University, Atlanta, Georgia, will speak on "Cascade Processes for Alkaloid Synthesis" on Wednesday, October 12, 2005 at 11:00 a.m. in V-107 Physics Wing.

Graduate Students – Ilona will be on vacation starting September 30th, and returning October 11th. If there is anything you need her to do between now and the middle of October, please let her know by September 28th.

Attention Grad Students - Information on "Teaching and Learning Effectiveness Sessions -- Fall 2005" is available on the table by the mailboxes.

Chemistry Graduate Students:

Are you interested in being a tutor for students in chemistry undergraduate courses? We get a number of requests from undergraduate students for tutors. The student pays you on an hourly basis. The average rate charged is \$15 per hour. You may not tutor a student in a course for which you are a teaching assistant. If you would like more information, please talk with Christie McDermott in W3-35 or send her an E-mail at: christie.mcdermott@ualberta.ca with your questions. If you are interested, please give your name, phone number, E-mail address, and the courses you would be prepared to tutor or the areas (such as general, inorganic, organic, physical, analytical chemistry) to Jeannette Loiselle in the Chemistry General Office, E3-44.

AHFMR Deadline Change: AHFMR has amended the Saturday, October 1 deadline for this year to Friday, September 30. The RSO Deadline of Friday, September 23 remains the same. Affected programs include: Health Research Career Renewal, Health Research Studentship, Heritage Full-time Fellowships, Heritage Full-time Studentships, Heritage Part-time Fellowships, Heritage Part-time Studentships, MD/PhD Studentship. Other programs may be affected as well. Interested applicants should check the agency website: <http://www.ahfmr.ab.ca/grants/individual.php>

EMPLOYMENT OPPORTUNITIES

ARE POSTED ON THE BULLETIN BOARD
ACROSS FROM THE ELEVATORS ON THE THIRD FLOOR
PLEASE DO NOT REMOVE THE EMPLOYMENT NOTICES FROM THE
BULLETIN BOARD

Employment opportunities are posted on a new internet site:
<http://www.careerowl.ca>

University of Western Ontario, Department of Chemistry, invites applications for a probationary tenure track position at the rank of Assistant Professor. www.uwo.ca/Chemistry, U of Alberta

York University, Department of Chemistry, invites applications for two tenure track positions at the Assistant Professor level – one in Organic and one in Biological Chemistry or Biochemistry. <http://www.chem.yorku.ca>

Prep 101 seeks lecturers in the undergraduate subjects in various subjects. Please see www.prep101.com for more details.

Epcor Water Services is in search of an individual to join their Quality Assurance team. <http://www.epcor.ca/Careers/Opportunities/Current+Opportunities.htm>

Genome Prairie funded Metabolomics project is seeking a separations chemist. Please see employment board for more information.

Cornell University, College of Arts and Sciences, Department of Chemistry and Chemical Biology, Baker Laboratory is searching for a tenure-track faculty member at the Assistant Professor level. Please see employment board for more information.

McGill University, is seeking applicants for a tenure-track Assistant Professor position in Earth system science. <http://www.mcgill.ca/meteo>

University of Toronto at Mississauga, invites applications for a tenure-stream position in Bio-organic chemistry at the rank of assistant Professor effective July 1, 2005 <http://www.utm.utoronto.ca/cps>

Southern Illinois University – Carbondal, Department of chemistry and biochemistry is seeking to hire a tenure-track assistant professor in the area of analytical or bio-analytical chemistry. See employment board for more information.

Alberta Agriculture, Food and Rural Development is looking for a chemical scientist that provides technical expertise to the centre related to bench-scale process

University of Vermont, Department of Chemistry, invites applications for a tenure-track Assistant Professor position in organic chemistry with a focus in Synthetic organic chemistry. <http://www.uvmjobs.com>.

Wichita State University, Chemistry Department seeks an instrumentation manager with a strong background in high field NMR spectroscopy. <https://www.hrepartners.com/jobs/positionslisting.cfm?partnercode=wp>.

University of Victoria, invites applications for a tenure-track Assistant Professor position in the areas of analytical or physical chemistry with a chemical biology focus. Please see employment board for more info.

Outreach Activities can be accessed

**The 75th Canadian
Society for Chemistry
Conference Lectureship
Committee,
The Department of
Chemistry,
and
The University of
Alberta Senate**

**Present a Lecture for the
General Public**

**Dr. John Polanyi,
University of Toronto
"Seeing Molecules React
One-Molecule-At-A-Time"**

Monday, September 26, 2005

7:00 Refreshments

7:30 Talk

Chemistry Lecture Theatre, E1-60,
Gunning/Lemieux Chemistry Building,
University of Alberta

Parking available in "E" lot off Saskatchewan Dr.
after 6 pm, \$3.75 max.

**UNIVERSITY OPEN HOUSE:
SATURDAY, OCTOBER 1, 9:00 to 4:00.**

Do experiments and help students learn more about studying Chemistry at University of Alberta!

The Chemistry Department display for high school students visiting the University during Open House will be at Booth 32 in the Butterdome on Saturday, October 1 between 9:00 am and 4:00 pm. If you have an enthusiasm for Chemistry, enjoy talking to students about the opportunities for learning and research in the Department of Chemistry, and like to entertain with experiments, then we need your help. The booth will be equipped with all materials and instructions for the experiments. We will have a short information session on Wednesday, September 28 in W3-35. Please sign up on the sheet at Jeannette's desk in the General Office, E3-44. If you would like more information, please contact Christie McDermott in W3-35.

*"My old lab was cluttered with test tubes,
bottles, flasks, paper...Lord, how I miss it!"*
