

Visiting Speakers

Dr. John Pezacki, NRC Steacie Institute for Molecular Sciences, Ottawa, Ontario, will speak on "New tools for interrogating host-virus interactions in hepatitis C virus" on Monday, January 06, 2006 at 11:00 a.m. in V-107.

Dr. Christopher Cairo, Department of Chemistry, Harvard University, will speak on "Exploring cell surface interactions: Lateral mobility, conformational change, and allosteric inhibition of LFA-1" on Thursday, January 12, 2006 at 10:00 a.m. in E3-25.

Dr. Michael Gerken, Department of chemistry, University of Lethbridge, will speak on "iodine oxide fluoride chemistry and solid-state NMR spectroscopy of Xenon fluorides" on Thursday, January 12, 2006 at 2:00 p.m. in E3-25.

Cums: The next cumulative examination will be held on Saturday, January 14, 2006 at 11:00 a.m. in E5-36.

502 Seminars

Zhiyong Li will speak on "Metal catalysis and applications of hydrosilylation of alkynes" on Monday, January 23 at 11:00 a.m. in V1-07

Chem 533 changes

now scheduled MWF at 12:00-12:50 in E5-36

EMPLOYMENT OPPORTUNITIES

ARE POSTED ON THE BULLETIN BOARD
ACROSS FROM THE ELEVATORS ON THE THIRD FLOOR
PLEASE DO NOT REMOVE THE EMPLOYMENT NOTICES FROM THE
BULLETIN BOARD

Employment opportunities are posted on a new internet site:
<http://www.careerowl.ca>

University of Toronto, Department of Physical and environmental Sciences (Scarborough)
<http://www.utsc.utoronto.ca/~physsci/>

Ball State University, Department of Chemistry, Muncie, Indiana is currently searching for a tenure-track analytical faculty member at the assistant professor level. www.bsu.edu/hemistry.

University of North Carolina at Chapel Hill, school of pharmacy, division of medicinal chemistry and natural products invites applications for th faculty position at the assistant or associate professor level. See employment board for more information

Proteomics UBC 3 faculty positions
<http://www.msl.ubc.ca/employment/faculty/>

Employment opportunities cont'd

University of Saskatchewan, college of arts and science invites applications for a tenure track position at the assistant professor rank for the Department of Chemistry (organic)
www.arts.usask.ca

PEI Sabbatical replacement position in inorganic chemistry (10 month) <http://www.upei.ca/~chem/>

MSVU tenure track position available www.nsvu.ca

Carleton University has a full time tenure track position of synthetic organic at the assistant professor level in the Department of chemistry. See employment board for more information.

University of Alberta, The Department of Chemistry invites applications for a faculty service officer position, Director of undergraduate organic chemistry laboratories.
http://www.chem.ualberta.ca/about/employment_opps.html

University of Minnesota Duluth invites applications in the Department of Chemistry and Biochemistry for a tenure track faculty position at the assistant professor level. <http://www.d.umn.edu/Chemistry>, U of Alberta

Malaspina University College, Department of Chemistry is re posting for a full time faculty appointment beginning Aug. 1/06 with interests in either chemical Oceanography or Marine Natural Products. See employment board for more information.

University of Montana seeks to fill a tenure track position in Biochemistry. <http://www.umt.edu/chemistry>

University of Nebraska, invites applications for one or more tenure-track tenured faculty positions with research interests in analytical or bioanalytical chemistry, mass spectrometry, and computational or theoretical approaches to structural biology. Please see www.chem.unl.edu for more information.

Temple University, Department of Chemistry invites applications and nominations for two tenured/tenure-track positions with an emphasis on organic and biochemistry at the rank of Assistant Professor.
<http://www.chem.temple.edu>

General Intermediates of Canada Inc. is a small Edmonton based producer of research materials an pharmaceutical intermediates specializing in nucleosides, pyridines, pyrimidines, fluorinations, etc. They are looking to hire 2-3 PhD organic chemists. For further information, please contact Dr. M. Kleiner, Manger, General Intermediates of Canada Inc., 17303-108 Ave., Edm., AB T5S1G2.

Ottawa's Center for Catalysis Research and Innovation (CCRI) has an immediate opening for a manager for the High Throughput Catalysis Facility of the CCRI at the University of Ottawa. Please see employment board for more information.
