## NOTICES

**M.S. Walk Fundraiser:** Gail sends her warmest thanks to everyone who made donations in support of the MS Walk. This year Gail collected more than \$2500, and the generous donations from members of the Chemistry Department were an important part of this total. Gail is especially grateful to Jeannette Loiselle for all of her help in advertising the walk within the Department and for collecting the donations, and to Karl Kopecky for accompanying Gail and Marty on the walk. After the 10km walk, Gail, Marty and Karl enjoyed a post-walk celebration of Dim Sum.

**Introduction to VNMR on the NMR Spectrometers** — This year's edition of the NMR lecture series will be given by Dr. Albin Otter on Tuesday 13 June and Friday 16 June in Room E3-25 from 9:30 to 10:50 am. The lectures will include the real-time operation of a spectrometer with large screen projection and are intended for new students/postdocs and all those who have been around for a while but feel a little shaky with the use of an NMR spectrometer.

**40th Annual Gunning/Lemieux Golf Day (Rain or Shine)** — Last day to register — entries will be accepted until 12:00 noon today. For more information see Mike Ferguson in Room E3-13.
