

Visiting Speakers

Prof. Klaus Theopold, University of Delaware, will speak on 'Fun with Paramagnets - Organochromium Chemistry in Low Oxidation States' on Tuesday, August 8, 2006 at 11:00 a.m. in E3-25.

Achievements & Recognitions

Congratulations to Dr. Margaret-Ann Armour, former Assistant Chair in our Department, now Associate Dean of Diversity in the Faculty of Science, on being named to the Order of Canada this week. Established in 1967 to recognize outstanding achievement and service in various fields of endeavour, the Order of Canada is the nation's highest honor for lifetime achievement. The Order of Canada's motto is *Desiderantes meliorem patriam* - They desire a better country - a motto Margaret-Ann has certainly lived by. Well done Margaret-Ann!

EMPLOYMENT OPPORTUNITIES

ARE POSTED ON THE BULLETIN BOARD
ACROSS FROM THE ELEVATORS ON THE THIRD FLOOR
PLEASE DO NOT REMOVE THE EMPLOYMENT NOTICES FROM THE
BULLETIN BOARD

Employment opportunities are posted on a new internet site:
<http://www.careerowl.ca>

University of Calgary, Department of Chemistry, invites applications for the following full-time tenure track positions in experimental Physical Chemistry and any area of Analytical chemistry at the Assistant Professor level.
<http://www.chem.ucalgary.ca>.

University of Calgary, invites applications for a tenure track appoint at the rank of instructor, commencing 1 July, 2007. This appointment will be half time with the Natural Sciences Program and half time in the Department of Chemistry.
<http://www.science.ucalgary.ca>.

Western Washington University is seeking candidates for three tenure track Assistant Professor positions – biochemistry, organic chemistry, and inorganic chemistry. Please see employment board for more information.

University of Western Ontario, Department of Chemistry, invites applications for a probationary tenure track faculty position at the rank of Assistant or Associate Professor in inorganic Chemistry. www.uwo.ca/chem.

Employment Opportunities cont'd...

York University, requires a postdoctoral fellow with expertise in Chemical and Mechanical engineering, to work on a project to develop new technology at microfluidic scale. Please see employment board for more information.

York University, requires a postdoctoral fellow with expertise in solid state or HRMAS NMR spectroscopy or Synthetic organic chemistry to work on Microreactor scale microwave irradiated flow synthesis. Please see employment board for more information.

Lakehead University, requires a chemistry technician (teaching laboratory for 12 month term appointment). Please see 222.lakeheadu.ca for more information.

Bioorganic/biological chemistry post doctoral positions are available to investigate Secondary Metabolic Pathways of plant fungal pathogens. <http://www.usask.ca/chemistry/aboutus.html>.

Dalhousie University has an opening for a materials characterization research scientist. See <http://www.irm.dal.ca/Equipment/Facilities.php> for details.

Lab on a chip Biotechnology requires an RA or a PDF in their laboratory. Please see www.ece.ualberta.ca/~chrisb for more information.

Université du Québec à Rimouski has an opening for a tenure track faculty position in marine biology (zooplankton) available. Please see employment board for more information.

Sudbury Regional Hospital has an opening for a postdoctoral fellow-research associate in medicinal chemistry (tumour biology). www.hrsrh.on.ca

Liverpool, Porphyrin molecular wires for nanoelectronics post doctoral position.
http://www.chem.ox.ac.uk/jobs/DM06016_HLA.pdf

Imperial College (London) has a postdoctoral position for conjugated porphyrin oligomers for photodynamic therapy via two photon absorption.
http://www.chem.ox.ac.uk/jobs/DM06018_HLA.pdf

Marie Curie Research Training Network has a postdoctoral position available for Polyrotaxane insulated molecular wires. Please see employment board for more information.
