

Visiting Speakers

Dr. C.I. Ratcliffe, Steacie Institute for Molecular Sciences, National Research Council, will speak on "High field NMR of Quadrupolar Nuclei in Alkali Halide Solid solutions: Back to basics", on Thursday, August 17/06 at 11:00 a.m. in E3-25.

EMPLOYMENT OPPORTUNITIES

ARE POSTED ON THE BULLETIN BOARD
ACROSS FROM THE ELEVATORS ON THE THIRD FLOOR
PLEASE DO NOT REMOVE THE EMPLOYMENT NOTICES FROM THE
BULLETIN BOARD

Employment opportunities are posted on a new internet site:
<http://www.careerowl.ca>

Tranzyme Pharmaceutical is looking for several positions to be filled. (1) Synthetic Medicinal/organic chemists; (2) Synthetic medicinal/organic research associates and assistants; (3) Analytical research associates and assistants. Please see www.tranzyme.com for more information.

Toronto Research Chemicals Inc. is looking for 2-4 full time employees. Research Chemist: Toronto Research Chemicals Inc., a rapidly expanding company specializing in the manufacturing of biomedical research chemicals, has a position available starting immediately. The successful candidate will be responsible for carrying out a number of complex syntheses. Position requires either a M.Sc. or a Ph.D in synthetic organic chemistry. Organizational skills are required. www.trc-canada.com

University of Victoria, Department of Chemistry, invites applications for a tenure track Assistant Professor position in the area of organic chemistry. Please see employment board for more information.

Queen's University, Chemistry Department invites applications for a tenure track position at the Assistant Professor level in the area of computational/theoretical chemistry. Please see www.chem.queensu.ca for more information.

University of Calgary, Department of Chemistry, invites applications for the following full-time tenure track positions in experimental Physical Chemistry and any area of Analytical chemistry at the Assistant Professor level.
<http://www.chem.ucalgary.ca>.

Employment Opportunities cont'd...

University of Calgary, invites applications for a tenure track appoint at the rank of instructor, commencing 1 July, 2007. This appointment will be half time with the Natural Sciences Program and half time in the Department of Chemistry.

<http://www.science.ucalgary.ca>.

Western Washington University is seeking candidates for three tenure track Assistant Professor positions – biochemistry, organic chemistry, and inorganic chemistry. Please see employment board for more information.

University of Western Ontario, Department of Chemistry, invites applications for a probationary tenure track faculty position at the rank of Assistant or Associate Professor in inorganic Chemistry. www.uwo.ca/chem

York University, requires a postdoctoral fellow with expertise in Chemical and Mechanical engineering, to work on a project to develop new technology at microfluidic scale. Please see employment board for more information.

York University, requires a postdoctoral fellow with expertise in solid state or HRMAS NMR spectroscopy or Synthetic organic chemistry to work on Microreactor scale microwave irradiated flow synthesis. Please see employment board for more information.

Lakehead University, requires a chemistry technician (teaching laboratory for 12 month term appointment). Please see 222.lakeheadu.ca for more information.

Bioorganic/biological chemistry post doctoral positions are available to investigate Secondary Metabolic Pathways of plant fungal pathogens. <http://www.usask.ca/chemistry/aboutus.html>.

Dalhousie University has an opening for a materials characterization research scientist. See <http://www.irm.dal.ca/Equipment/Facilities.php> for details.

Lab on a chip Biotechnology requires an RA or a PDF in their laboratory. Please see www.ece.ualberta.ca/~chrisb for more information.

Université du Québec à Rimouski has an opening for a tenure track faculty position in marine biology (zooplankton) available. Please see employment board for more information.

Sudbury Regional Hospital has an opening for a postdoctoral fellow-research associate in medicinal chemistry (tumour biology). www.hrsrh.on.ca
