

Visiting Speakers

Prof. Gerry Wright, Antimicrobial Research Centre, Dept. of Biochemistry and Biomedical Sciences, McMaster University, Hamilton, Ontario, will speak on "Chemical genetics approaches to new antibiotics" on December 3, 2007 at 11:00 a.m. in MEC 2-1 Mechanical Engineering.

There will be a luncheon in E4-43 on December 4 from 12:00-2:00 where all graduate students and postdoctoral fellows are invited to join.

Dr. Christopher Bradely, Department of Chemistry, University of California, Berkeley, will speak on "Adventures in organometallic and materials chemistry: Stabilizing low valent zirconium and silicone nanospheres" on Tuesday, November 27, 2007 at 2:00 p.m. in E3-25.

502 SEMINAR

Mai Pham will speak on "Recent advances in the synthesis of steroids" on Wednesday, November 28, 2007 in E3-25 at 1:00 p.m.

Curtis Reider will speak on "Fighting bacterial infections: The Platensimycin Story" on Monday, November 26 at 11:00 a.m. in MEC 2-1 (Mechanical Engineering).

Andrew Sullivan will speak on "Recent advances in the addition of the potential C₁ feed stocks CO and CO₂ to transition metal complexes" on Wednesday, November 28, 2007 at 11:00 a.m. in E3-25.

CUMES – The next cumulative examination will be held on Saturday, December 1, 2007 at 11:00 a.m. in Rm. E3-25.

Congratulations to: Nupur Dabral who gave birth to Nishka Venya Dabral on November 9, 2007. Nishka weighed a healthy 8 lb. 7 oz and both mother and daughter are doing very well.

Employment Opportunities

are posted on the bulletin board across from the elevators on the third floor. Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site:
<http://www.careerowl.ca>.

Intel is looking for a recent college graduate to investigate novel molecular synthesis techniques. Please see www.intel.com/jobs for more information.

Sanofi Aventis BioTalent Challenge is looking for mentors for High School students who are studying a biotechnology related question. Please see sabc.Edmonton@bioalberta.com for more information.

Western Washington University has a full time, tenure track position as an assistant or associate professor in biochemistry. Please see employment board for more information.

Natural Sciences and Engineering Research Council of Canada has openings for three postdoctoral fellows. Please see employment board for more information.

Brown University invites applications for a faculty position (open search) in the general area of inorganic chemistry at the Professor rank or tenured senior rank. Please see employment board for more information.

Queen's University, Department of Chemistry invites applications for an appointment as the Alfred Bader Chair in Organic Chemistry. Please see www.chem.queensu.ca for more information.

University of Alberta has an opening for a Laboratory technician. Please see employment board for more information.

Indiana University is seeking applicants for a faculty position in Analytical Chemistry. Please see employment board for more information.

UOIT invites applications for a tenure stream position in Chemistry at any rank. Also invitations are extended for a full time position as Associate Dean in the Faculty of Science. Please see employment board for more information.

Xenon Pharma, has an immediate opening for a BS/MS chemist. Please see <http://www.xenon-pharma.com> for more information.

University of Munich, has an immediate opening for a scientist in Chemical Proteomics with a strong background in synthetic organic or medicinal chemistry. **There is also** an opening for a scientist of data management and bioinformatics with a strong background in relational database technology and object oriented programming. Please see www.wzw.tum.de/bioanalytik for more information.

University of Wisconsin, invites applications for a tenure track faculty position in the areas of natural products chemistry. Please see http://www.ohr.wisc.edu/pv/pv_057141.html for more information.

University of Prince Edward Island, invites applications for a tenure track appointment in Physical or Inorganic chemistry at the assistant professor level. Please see www.upei.ca/~chem for more information.

Brown University, invites applications for a faculty position (open search) in the general area of inorganic chemistry.

University of Nevada, Reno, Department of Chemistry, seeks applicants for the position of Director of Instrumentation. Please see employment board for more information.

University of Nebraska, Lincoln, Department of Chemistry, invites applications for a tenure track/tenured faculty position in the area of homogeneous or heterogeneous catalysis with an emphasis on green chemistry. Please see www.chem.unl.edu for more information.

Ontario Institute for Cancer Research has several positions open:
1 – Laboratory Technician
2 – Laboratory Manager
3 – Medicinal Chemistry Laboratory Manager
Please see employment board for more information on these job postings.
