

Visiting Speakers

Prof. Zlatko Bacic, Department of chemistry, New York University, will speak on "Clusters of hydrogen molecules inside nanocages of clathrate hydrate: Quantum dynamics of coupled translational and rotational motions in confined geometries" on Monday, July 14, 2008 at 11:00 a.m. in E3-25.

Congratulations to:

Dr. Robert Campbell who has been selected to receive the 2008 Petro Canada Young Innovator Award. This program was established at the University of Alberta in 1999 by a generous endowment from Petro-Canada and is designed to recognize and help support the work of outstanding young faculty researchers in the Faculties of Business, Engineering, and Science.

Congratulations to:

Corwin Nycholat (supervisor Dave Bundle) who successfully defended his Doctoral thesis on June 27, 2008.

Ms. Yinghong Qiao (supervisor Jillian Buriak) who successfully defended her Ph.D. thesis on Thursday, July 3, 2008.

Chemistry Golf Tournament Thursday, Aug. 14/08

Check it Out! Room bookings on the Chemistry Department Website

A monthly posting is available on the room bookings site of our website

You can view what is available and call Jeannette (23254) if you see an available spot that fits your needs.

The Department welcomes **Dr. Julie Gibbs-Davis** to the department as an Assistant Professor of Physical Chemistry. Dr. Gibbs-Davis' research program is in the area of surface spectroscopy, in particular the application of second harmonic generation techniques to the analysis of interfacial binding events of ligand-receptor systems. Her office is W4-17.

Employment Opportunities

are posted on the bulletin board across from the elevators on the third floor.
Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>.
