

**Don't forget to turn back your clocks one hour on Saturday night**

## Visiting Speakers

**Prof. Jennifer Love**, Department of Chemistry of British Columbia, Vancouver, B.C., will speak on "Developing catalytic reactions one step at a time" on Monday, November 10, 2008 @ 11:00 a.m. in MEC 2-1. (Mechanical Engineering)

**Prof. Frank Wuest**, Dianne and Irving Kipnes Chair in Radiopharmaceutical Sciences, Department of Oncology, Cross Cancer Institute, University of Alberta, will speak on "Transition metal-mediated reactions for C-C and C-N bond formation with the short-lived positron emitters carbon-11 and fluorine-18" on Monday, November 17, 2008 @ 11:00 a.m. in MEC 2-1 Mechanical Engineering.

## 502 SEMINAR

**Sabesan Yoganathan**, will speak on "Biological Evaluation and Synthetic Efforts Towards Cortistatins: A Unique Class of Steroidal Alkaloids with Anti-angiogenic Properties" on Monday, November 3 @ 11:00 a.m. in MEC 2-1 (Mechanical Engineering).

**Matthew Markiewicz** will speak on "New cobalt H<sub>2</sub>O oxidation catalyst for artificial photosynthesis, and its applications towards carbon-neutral energy production" on Wednesday, November 5, 2008 @ 11:00 a.m. in E3-25.

**Joel Kelly** will speak on "The electrocaloric effect: materials for new application in solid state cooling" @ 11:00 a.m. in E3-25 on November 12, 2008.

### Cume examinations:

The next cumulative examination will be held on Saturday, November 1 @ 11:00 a.m. in E5-36 (please note the different room location).

## Employment Opportunities

\*\*\*\*\*

are posted on the bulletin board across from the elevators on the third floor.  
Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>.

**Cape Breton University** invites applications for a tenure track position in organic Chemistry at the rank of Assistant Professor. Please see [www.cbu.ca/chemistry](http://www.cbu.ca/chemistry) for more information.

**University of Alabama**, Department of Chemistry is seeking an outstanding individual with expertise in biochemistry to fill a tenure track position at the Assistant Professor rank. Please see <https://facultyjobs.ua.edu> for more information.

**SAMS Centre for Proteomics**, is looking for a senior scientist in mass spectrometry with a specialization in protein analysis. Please see [www.sams.ucalgary.ca](http://www.sams.ucalgary.ca) for more information.

**SBI Fine Chemicals Inc.** is seeking two Post doctoral Fellows/Research Associates who have an understanding of homogeneous and heterogeneous catalyses (organometallic and inorganic). Please see employment board for more information.

**Johns Hopkins**, Department of Chemistry, invites applications for a tenure track assistant Professor in the general area of experimental physical chemistry. Please see employment board for more information.

**University of Alabama** seeks an outstanding individual for the position of Chair of the Department of Chemistry. Please see information board for more information.

**Bishops University** invites applications for part time faculty members to teach the following one semester 3-credit courses – (1) Introductory Chemistry Lab II; (2) Organic Chemistry II – introductory; (3) Organic Chemistry Lab II. Please see employment board for more information

**Johns Hopkins** is looking to recruit an outstanding organic chemist preferably with committed research interests along the broad interface with biology and medicine. Please see information board for more information.

**University of Winnipeg** invites applications from outstanding candidates for a tenure track position in any area of chemistry, particularly applicants with a specialization in Physical Chemistry or Materials Chemistry. Please see employment board for more information.
