

## 502 Seminars

**Lu Chen** will speak on “*Heart-cutting Two dimensional capillary electrophoresis for the On-Line purification and separation of derivatized amino acids*” on Wednesday, April 15, 2009 @ 11:00 a.m. in E3-25.

**Sarah Sparling** will speak on “*Investigation of Single Walled Carbon Nanotubes using Raman Spectroscopy*” on Wednesday, April 22, 2009 @ 11:00 a.m. in E3-25.

**Congratulations to:** the following students who were recipients of the 2009 Graduate Student Teaching Assistant Award Winners:  
Haiying Bie, Haley Carlson, Melissa Gajewski, Erin Graham, Bryan Karolat, Matthew Markiewicz, Kuburat Saliu, and Rajesh Sunasee.

**Congratulations to:** the following students who passed their candidacy exams:

Matthew Zamora (Cowie) March 27, 2009  
Yalina Tritzant (Roy/Brown) March 31, 2009  
Stephanie Wong (Brown/Roy) April 1, 2009

...and to...

Sherry MacLeod (Dr. Wong/Dr. Lucy) who successfully defended her PhD final exam on April 7, 2009.

## Visiting Speakers

**Tadeusz Gorecki**, Department of Chemistry, University of Waterloo, Waterloo, Ontario, will speak on “*Comprehensive two-dimensional gas chromatography: from developments to applications*” on Friday, April 17, 2009 @ 4:00 p.m. in E3-25.

**Prof. Kazunori Koide**, Department of Chemistry, University of Pittsburgh, Pittsburgh, Pennsylvania, USA will speak on the following two days on the following topics.

Monday, April 27, 2009 @ 11:00 a.m. in Rm. MEC 2-1  
“*Development and Applications of Cell-Permeable Fluorogenic Probes for Biology and Environment*”.

Tuesday, April 28, 2009 @ 2:00 p.m. in Rm. 2-27 Med. Sci. Bldg.  
“*Synthesis and biological studies of FR901464 and its analogs*”.

**The University buildings will be closed on Friday, April 10 and Monday, April 13 inclusive**

## Employment Opportunities

are posted on the bulletin board across from the elevators on the third floor.  
Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>.

**GlaxoSmithKline** in North Carolina has a research internship in Chemical Biology for a Canadian student who has completed a bachelor's degree in Chemistry with an additional year of post graduate training. Please see employment board for more information.

**Alberta Agriculture and Rural Development, Edmonton** – The Food Safety Division (FSD) is seeking an Inorganic Residue Chemist to provide analytical support for the chemical residue programs within the chemistry Section of the Agri-Food Laboratories Branch (AFLB). For more information please go to <http://www.jobs.alberta.ca>. Closing date – April 14, 2009.

**Biotica, UK** requires a Natural products chemist as well as a molecular biologist. Please see employment board for more information.

**CDRD** is looking for individuals who have recently received their Ph.D. in organic chemistry or those who expect to complete their thesis shortly. Please see [www.cdrd.ca](http://www.cdrd.ca) for more information.

**University of Alberta** The Biogeochemical Laboratory in Biological Sciences is hiring for a summer laboratory technician. See postings by the mailboxes or email: [BGCAlaboratory@ualberta.ca](mailto:BGCAlaboratory@ualberta.ca). information on the lab is available at: <http://www.biology.ualberta.ca/facilities/limnology>.

**York University** has an opening for a PDF position in the area of Atmospheric Chemistry. Please see employment board for more information.
