

Ph.D. Seminars

Shaune McFarlane will speak on “Towards spectrally stable Polyfluorene-based materials” on Tuesday, April 28, 2009 @ 1:00 p.m. in E3-25.

502 Seminars

Lars Laurentius will speak on “A new dynamic in Mass spectral imaging of single biological cells” on Friday, May 1, 2009 @ 11:00 a.m. in E3-25.

Congratulations to the following students:

Hongqiang Liu (Dr. Vederas) passed his PhD candidacy exam on April 15, 2009

Hassan El-Saidi (Dr. Lowary) passed his PhD candidacy exam on April 16, 2009

Nicole Dehm (Dr. Buriak) passed her PhD candidacy exam on April 20, 2009

Alan Martin (Dr. Lowary) passed his MSc final exam on April 20, 2009

Rick Bauer (Dr. Stryker) passed his PhD final exam on April 24, 2009

Sabesan Yoganathan (Dr. Vederas) passed his PhD candidacy exam on April 23, 2009.

Chris Grant (Dr. McDermott) passed his PhD final exam on April 23, 2009

Visiting Speakers

Prof. Kazunori Koide, Department of Chemistry, University of Pittsburgh, Pittsburgh, Pennsylvania, USA will speak on the following two days on the following topics.

Monday, April 27, 2009 @ 11:00 a.m. in Rm. MEC 2-1
“Development and Applications of Cell-Permeable Fluorogenic Probes for Biology and Environment”.

Tuesday, April 28, 2009 @ 2:00 p.m. in Rm. 2-27 Med. Sci. Bldg.
“Synthesis and biological studies of FR901464 and its analogs”.

Prof. Bradley Moore, Scripps Institution of Oceanography and Skaggs School of Pharmacy and Pharmaceutical Sciences, University of California at San Diego, La Jolla, California, will speak on “Chemistry and Biology of the Marine Natural Product Salinosporamide A, a potent inhibitor of the proteasome” on Monday, May 11, 2009 @ 11:00 a.m. in MEC 2-1.

Cume Exams

Cume exams will be held on Saturday, May 2, 2009 @ 11:00 a.m. in E3-25.

Employment Opportunities

are posted on the bulletin board across from the elevators on the third floor.
Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>.

Zymeworks requires a research Associate: in computational biophysics. Please see employment board for more information.

GlaxoSmithKline in North Carolina has a research internship in Chemical Biology for a Canadian student who has completed a bachelor's degree in Chemistry with an additional year of post graduate training. Please see employment board for more information.

Alberta Agriculture and Rural Development, Edmonton – The Food Safety Division (FSD) is seeking an Inorganic Residue Chemist to provide analytical support for the chemical residue programs within the chemistry Section of the Agri-Food Laboratories Branch (AFLB). For more information please go to <http://www.jobs.alberta.ca>. Closing date – April 14, 2009.

Biotica, UK requires a Natural products chemist as well as a molecular biologist. Please see employment board for more information.

CDRD is looking for individuals who have recently received their Ph.D. in organic chemistry or those who expect to complete their thesis shortly. Please see www.cdrd.ca for more information.

University of Alberta The Biogeochemical Laboratory in Biological Sciences is hiring for a summer laboratory technician. See postings by the mailboxes or email: BGCAlaboratory@ualberta.ca. information on the lab is available at: <http://www.biology.ualberta.ca/facilities/limnology>.

York University has an opening for a PDF position in the area of Atmospheric Chemistry. Please see employment board for more information.
