## Mailroom Renovation

As with all renovations, they are a bit of an inconvenience but the result is usually worth the effort. Please be patient with us during the next week as we go through our mailroom renovation and the final result will indeed be marvellous.!

**Alert!** Please be very aware of where your identification and wallet are at all times. We have had several thefts in the last week. Lock them away so that they are not obvious to potential thieves.

**Belated congratulations to:** Teague McGinitie who won 1<sup>st</sup> place analytical poster awards at both the WCUC in Kamloops and the CSC Undergrad poster competition in Hamilton for his 403 research in the Harynuk lab.

## Employment Opportunities

are posted on the bulletin board across from the elevators on the third floor.  
Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>.

**University of Ottawa** is seeking to fill a replacement, non tenure track, faculty position from aug. 15/09-May 15/10 with expertise in organic chemistry. Please see employment board for more information.

**Gilead Alberta ULC** is a research based biopharmaceutical company that discovers, develops and commercializes innovative medicines in areas of unmet need. We are looking for the following positions to be filled: Senior Research Associate II in Analytical Chemistry; Associate Scientist I in Analytical Chemistry and Associate Scientist II in Process Development. Please see employment board for more information.

**University of Moncton** PROFESSEURE OU PROFESSEUR EN BIOCHIMIE: Il s'agit d'un poste temporaire d'une durée d'un an, avec possibilité de renouvellement, à pourvoir au rang d'adjoint à compter du 1<sup>er</sup> juillet 2009 sous réserve d'approbation budgétaire. Ce poste dans le domaine de la biochimie, est rattaché au Département de chimie et biochimie de la Faculté des sciences. Les axes de développement du Département sont la chimie de l'environnement et la biotechnologie médicale. Courriel : [charles.bourque@umoncton.ca](mailto:charles.bourque@umoncton.ca)

**Gilead** seeks an associate Scientist I (who has the ability to prioritize, work within a multi disciplinary group and handle multiple projects). Please see <http://www.gilead.com/careers> for more information.
