Gilead Alberta ULC is currently looking to fill the following positions:

1. One Ph.D. with post-doc/relevant working experience in organic synthesis
2. Two BSc/MSc with a few years of working experiences or fresh graduate with honors or specialization in organic chemistry
3. One BSc/MSc with a few years of working experience in analytical chemistry.

Candidates can send resumes to Dr. Zhongxin Zhou (Zhongxin.zhou@gilead.com) or Dr. Jesse Wang (jesse.wang@gilead.com) for organic chemistry positions or Dr. Lishi Ying (Lishi.ying@gilead.com) for the analytical chemistry position, or they can directly apply online at www.gilead.com.

SPECIAL EVENTS

UA-WiSE / WISER Industry Mixer

WISEST (Women in Scholarship, Engineering, Science and Technology) is pleased to invite you to the 4th Annual Industry Mixer. On October 14th, the undergraduate student group (UA-WiSE) and early career professional community (WISER) will be brought together with representatives from industry,

SPECIAL EVENTS, *continued*

government, academia and supporting organizations. This year we are excited to feature as our guest speaker, Ms. Kim Farwell, P.Eng – President of the Association of Professional Engineers, Geologists, and Geophysicists of Alberta (APEGGA), who will share inspirational stories about her career path.

Join us for a fabulous evening of networking with the broader innovation community, exploring career options, connecting with mentors and being inspired by engaging speakers.

Food and refreshments will be provided.

When: Thursday, Oct 14th, 2010; 5:30pm – 9:00pm

Where: University of Alberta, ETLC solarium

Cost: Free

RSVP: <http://www.wisest.ualberta.ca/>

RSVP by October 8th to guarantee a spot. Limited registration at door.
