Visiting Speakers And Seminars

Seminars

Linhui Yu will speak on “Recent advances in transition metal-catalyzed multi component reactions to access diverse nitrogen heterocycles” on Monday, March 1 @ 11:00 a.m. in NRE 2-003 for her 502 seminar.

Mizuno Hidenori will speak on “Development of catalytic stamp lithography” on Wednesday, March 3, 2010 @ 1:00 p.m. in Cab 269 for his PhD seminar..

Prof. Ian Burgess, Department of Chemistry, University of Saskatchewan, Saskatoon, Sask. Will speak on “Adsorption and charge-transfer processes on gold electrode surfaces” on Friday, February 26, 2010 @ 4:00 p.m. in E3-25.

Prof. Alan Aspuru-Guzik’s seminar has been postponed until further notice.

Prof. Byron Gates, Department of Chemistry, Simon Fraser University, Burnaby, B.C., will speak on “Nanoscale materials by design” on Wednesday, March 3, 2010 @ 10:00 a.m. in NINT Taylor Seminar Room 1-010.

Prof. James Green, Dept. of Chemistry and Biochemistry, University of Windsor, Windsor, Ontario, will speak on “The organic chemistry of α -carbonyl cations and cycloheptynedicobalt complexes” on Wednesday, Mar. 3, 2010 @ 1:00 p.m. in E3-25.

Prof. Allan East, Department of chemistry, University of Regina, will speak on “Computational studies of transition metal chemistry: summary of recent collaborations” on Thursday, March 4, 2010 @ 2:00 p.m. in E3-25.

Congratulations!

...go to Gregory and Ardene Kiema.

Kiilu Kiema (baby boy) was born last Friday, February 19, 2010 at 4:47 PM. He was 8 lbs. 9 oz.

EMPLOYMENT OPPORTUNITIES

Are posted on the bulletin board across from the elevators on the third floor.
Please do not remove the employment notices from the bulletin board.

Employment opportunities are posted on a new internet site: <http://www.careerowl.ca>.

Technology Strategies Group Inc. (TSGI) is looking for a technology advisor (Scientific Research and Experimental Development, or SR&ED). Please see www.tsgi.ca for more information.

Princeton Review is looking for highly skilled and highly motivated individuals to teach the chemistry component of our MCAT course. Positions are available for both organic and general chemistry. Please see employment board for more information.

McMaster University is seeking qualified applicants for a tenure track US Steel Canada Endowed position. Please see employment board for more information.

University of Massachusetts Amherst is seeking to fill two positions for tenure track Assistant Professors: (1) – Biology Department – Cellular Biophysics (please see www.bio.umass.edu for more information) and (2) Physics Department – Biological Physics (please see www.physics.umass.edu for more information).
